

# PANTHER SENTINEL

Volume XVIII

Salinas, California, Friday, April 22, 1949

Number 23

## Comedy Will End Hartnell Play Series

Hartnell Players will end their year's activities with the presentation of a family comedy, "Three-Cornered Moon," by Gertrude Tonnogy. A preview of the play will be given on "visiting day," April 29, while the public must wait until May 25, 26, or 27 to see the complete production.

"Three-Cornered Moon" is about a moonstruck family, the Rimplegars, who, when they are well-to-do, spend their time inventing complicated methods of suicide or in taking sudden trips. When they find themselves penniless due to one of Mrs. Rimplegar's impulses they become a clan with a cause and all go to work at starvation wages. However, busy or not, the Rimplegars never change in one way, they never tamper with logic.

Mrs. Rimplegar, who will be played by Donna Musler, is a dazed, rattle-brained woman, big hipped and motherly looking, but not sugary.

Douglas, as played by Don Feliz, is about 22, well built, nice looking, and for some reason, thinks he should go on the stage. Fortunately, in his ordinary conversation he is not theatrical, but every so often he pulls what he calls a gag.

Kenneth, portrayed by Richard Cimino, is 25 and has more dignity than the other Rimplegars. He is heavily built and has an affected Harvard accent. Jacquie Day will play Elizabeth, a dark girl about 23 with large serious eyes and no dignity at all. James Clark will take the part of Donald, an awkward person who is very charming and has a sensitive, immature face and a humorous mouth.

Bernard Tefertiller will be Ed, the 18-year-old baby of the family. Doctor Stevens, as taken by Bob Dayton, is the only one on the stage who has bearing and maturity. Kitty, who will be played by Carmen Costa, is a Brooklyn beauty who wears too much make-up and too-tight clothes. Colleen Dolan and Marguerite Sander will take the dual role as the family maids.

Bob Kensinger, talented Hartnell artist has again done the stage designs. Mr. Harold Ulrici, college drama coach, is directing the play.

## 20 Instructors From Hartnell To Attend Conference

Approximately 20 members of the Hartnell College faculty will attend the Northern California Junior College Association annual spring meeting tomorrow at San Mateo, according to Mr. Henry Cassady who is president of the association.

The program in the morning will include several speeches, reports, and entertainment by the San Mateo a cappella choir. The afternoon is devoted to section meetings in which Lorell McCann is chairman of the music section.

In the section meetings 18 college subjects will be discussed with some of them being parallel to University of California subjects. There will be U.C. professors representing the various divisions.

Subjects to be discussed tomorrow afternoon are: history, political science, English, speech, business education, agriculture, shops, home economics, French, German, Spanish, music, mathematics, physics, engineering, zoology, botany, and bacteriology.

## AGS Members Get Building Ideas at Stanford

Ideas for the proposed student union building for Hartnell took shape in the minds of the members of Alpha Gamma Sigma when they toured Stanford's SUB last Tuesday. The 29 members were accompanied by Dr. Luella Hall on the trip.

While spending the day on the campus, the group dined in the union dining room and toured the most important buildings on the campus. They were escorted by members of the Cardinals, a group in charge of campus activities.

The large, beautifully-furnished club rooms greatly impressed the AGS members, one of whom expressed a desire for "just one such room at Hartnell." Before leaving, the group had refreshments in the cellar of the SUB. The Hartnell students greatly appreciated the hospitality they received at Stanford, according to Doctor Hall.

While there, Doctor Hall called on the new president of Stanford, Dr. Wallace Sterling, and renewed an acquaintanceship begun in their student days at the university.

## Carnival Next Friday Planned To Hold 1,600; May Be Annual

A week from today Hartnell will initiate a new fete which will become annual if it is successful. Local high school seniors and the general public have been invited to participate in a carnival produced by the combined efforts of most of the college organizations. A capacity crowd of 1600 can be enter-

Mr. Henry Cassady, dean of the lower division at Hartnell College, who will preside over the Northern California Junior College Association annual spring conference at San Mateo

tained and still comply with fire regulations.

Booths will be situated in the men's gym, the music wing hall, and the patio between both gyms. The women's gym will be used for folk dancing. Records will be used for the folk dancing but music for ballroom dancing in the main gym will be furnished by Don Dean's orchestra which played for the Pajamarino.

Booths open at 8 p.m.; dancing begins at 9 p.m. and lasts until 1 a.m. Two door prizes consisting of tickets to the Spring Prom will be given to the visiting seniors.

KSBW is broadcasting the event from the college. There will be a program similar to a roving reporter. The announcer will walk through the crowd and talk to various people.

Novel ideas have sprouted to make this spring event fun. The Alumni Association is sponsoring a cake walk. The game is similar to musical chairs. The difference is that the chairs are numbered and if a participant sits on the key numbered chair he gets a cake. Two to three dozen cakes will be given away during the evening.

Appetites will be enticed by apples candied on the spot. The music club is bringing a machine

which will do the work. U.G.C. and W.A.A. are working together on a cascaroni booth and a bouncing ball game. A ping-pong ball will float in the air and if someone hits it with another ball he will get a prize. Delta Psi Omega is planning to surprise the crowd with a mystery booth.

Most of the booths at the carnival will give tickets instead of prizes to the winners and the winners will pick their prizes from a grand display booth. More useful and entertaining prizes will be offered in this way.

There is still a chance to have a booth if any of the clubs want to have two or if those that don't have one now would like to have one.

## Ford Replaces Cordial on Council

Tom Ford of Aromas was approved by the student commission at the Tuesday meeting as freshman representative. He replaces Jim Cordial, the former representative, who left recently to attend Oregon State.

A committee was appointed to draw up the budget for the student body for next year. The committee consists of Tom Ford, Lee Yancey, Wayne Ingols, Evelyn Temmerman, President George White, Mr. Jerry Girdner, and Miss Ruth Rothrock.

The commission decided against having a voting representative from A. and M.

## Elected Treasurer

Mr. Claud Addison, head of the commerce department at Hartnell College, has been elected treasurer of the California Business Education Association, it was learned today. Mr. Addison is past president of the central coast section of the association.

This will be the first time in 15 years that a member from the central coast section has held an office in the association.

President of the association is Dr. Marsden Sherman, a former faculty member at Hartnell. Mr. Sherman is now chairman of practical arts at Chico State College.

The California Business Education Association has for members instructors from high schools, junior colleges and colleges.

## Twenty Students Work For Wages and Credit

Twenty students of the Hartnell College business department have had an opportunity this semester to gain work experience in offices for wages and for credit. The students work three hours per day, either afternoon or morning, under the supervision of an executive. They report to the college the other half of the day for classes.

Two girls are assigned to law offices, one to a public accountant, one to a building supply company, another is a stenographer in a welfare organization, a veteran is gaining valuable experience in the office of a local farm machinery company, and several students are assigned to offices of local schools as well as the board of education office.

The students learn to get along with fellow workers, to accept responsibility, and get to know some of the problems of business.

Assignments are made through the Commerce 81 course, under the supervision of the instructor, Mrs. Ann Harper. Checks are made with the employers at frequent intervals to see how the students are getting along. At the end of the semester, each employer files with the college a rating report which becomes part of the student's permanent record.

Such reports have proved valuable in recommending students to permanent jobs upon leaving school. Through the work-experience assignments, it is also possible for students to make contacts for permanent jobs. The program is very popular with both the students and the employers.

It is hoped that next semester more students will be able to participate in such an arrangement of "learning and earning" while completing their education at Hartnell.

## Gregg Pins Given To Students In Commerce

Five advanced stenography students have been awarded gold pins for successfully passing the Gregg five-minute dictation test. The test was given last month on the Gregg letter at the rate of 100 words per minute, according to Mrs. Ann Harper, instructor.

The recipients of these awards are Naida Fisher, Salinas; Anne Shiratsuki, Salinas; Frances Matulich, Watsonville; Dolores Wiest, Watsonville; and Inez Pezzini, Castroville.

Each month new tests are given. Only those students who are able to take rapid dictation for five minutes and transcribe within 98 per cent accuracy are eligible for the Gregg awards.

## WEE GEE

By ANNABELLE

Everyone by now should be recovered from vacation, back to normal or just wishing for another. Did you come back with a sunburn, tan, itches or just plain fatigue from overwork or spring house cleaning? Take a note — only seven weeks left in the semester. Fynuls are just around that corner, too.

Nature was also working wonders during the past two weeks. An earthquake in the northwest gave natives a jolt and an eclipse. One student had an uncle that came out of seclusion for the eclipse. Nope, wasn't an astronomer or scientist. Just decided to see what it looked like televised!

The return of Conner "The Kid" and Carol. They came back from the wilds of the Indian Territory and paid a little visit hereabouts.

Nap Montoya and Athena Fillon took the final leap into marriage circles just before spring vacation. We heard rumors that it was spring.

Early birds get a prom bid. Before 10 o'clock, Monday morning (first day of sales) Gerald Hagquist and Jerry Mitchell, Dick Brown and Lois Churchill, Hans Lausen and Helen Howes were all dated up for the big spring fling at Casa Del Rey, May 6.

Watch for an extra large edition of The Panther Sentinel next Friday along with the Campus Carnival.

## Only Two Weeks To Get That Date and a Prom Bid

Flowers will be flown in from Hawaii to help decorate Casa Del Rey for the annual Spring Prom. Honey Harris, social activities chairman, disclosed today. The ballroom is already decorated with roses and the imported flowers will complete the decoration.

Prom bids have been on sale this week and a few enterprising students already have made dates and bought bids. Tickets are on sale in the main office for \$6.50 per couple. The social activities committee plans a booth for sale of

bids at the Men's Club Carnival, according to the committee chairman.

Entrees on the dinner menu for the big night will be salmon and roast prime ribs of beef au jus. Students should indicate their preference when they purchase their bids.

Cards announcing the prom have been sent to every member of the student body and also members of the alumni association. The cards were printed by Mr. G. Darwin Peavy and were addressed by Mr. Jerry Girdner's typing class.

## With the Nature Kids at Pinnacles

"Look, here's a geode." "Some sea shells and fossils." "Eroded lava formed these caves where a bandit once sought refuge." "How many different kinds of wild flowers did you collect?" "Let's stop here."

### Science Classes Explore

Destination of the geology, physical science, nature study and biological science classes, the Thursday before vacation, was Pinnacles National Monument. The group, accompanied by Mr. W. J. Robinson, Mr. R. T. Carlisle, and Mr. W. J. McCallum left via bus for a day of exploring the crags and caves, searching for flowers and learning generally about nature.

When they arrived in the area, located southeast of Salinas, the group divided into two parties and went through the caves. A ranger gave explanations and facts of interest along with pamphlets about the monument to students.

### Pinnacles Once a Volcano

Information reveals that the Pinnacles are volcanic rocks and they mark a spot that roared with explosive eruptions some 30 million years ago. Weather and erosion have removed the craters and about two thirds of the once great volcanic mountain. The rock over the Big Room in the cave is estimated to weigh between 50,000 and 60,000 tons.

Hardy individuals along with Mr. Carlisle hiked to Chalone Peak, highest point in the area, in the afternoon. Mr. McCallum took several pictures of the students as they studied rocks and flowers and these pictures are now displayed on the main bulletin board.

A tired and hungry group of would-be geologists and naturalists returned at 7 o'clock that evening.

## Men's Glee Goes On Tour May 3

Not to be outdone by other college vocal organizations which go on tour, the Hartnell Men's Glee Club will give a series of concerts beginning May 3.

Glee Club members directed by Miss Vivian Stewart will give a preview show here next Friday at 12 noon.

A schedule of stops while on tour is:

May 3, Rotary Club, Salinas; May 6, Monterey P.C.; May 9, Stanford, all day; May 10, Morgan Hill and Gilroy; May 12, Kiwanis Club, Salinas; May 19, Soledad Prison and Gonzales high; May 27, Santa Cruz high and Watsonville high.

Included in the concert program will be:

"Railroad Chant," an American work song, Scott, by the Glee Club. "Waters Ripple and Flow," Taylor and "Tally-Ho," Leone, Robert Jensen, tenor.

"Eight Bells" and "Old Man Noah," sea chanties, by Glee Club.

"In the Evening by the Moonlight," "Lil Liza Jane," and "There Is a Tavern in the Town," by quartet, Don Grilley, Robert Jensen, Don Keeney, Eugene Haller.

"Cool Waters," Noland, by Glee Club.

"Malaguena," Lecuona, piano solo by Connie Olivete, accompanist.

"The Long Day Closes," Sullivan; "Lane County Bachelor," O'Hara, and "Alma Mater," Lorell McCann, by Glee Club.

Master of Ceremonies, Bob Dayton.

Director, Vivian Stewart.

## Choir, Strings At 3

Vocal and instrumental arrangements will be presented in the 3 o'clock assembly in the choral room today. Mr. Lorell McCann and the Singing Strings will be preceded on the program by the college choir led by Miss Vivian Stewart.

Numbers on this portion of the program are: "All in the April Eve-

ning," Robertson; "Donkey Serenade," Friml; "Hit the Road to Dreamland," Mercer; "June Is Bustin' Out All Over," Rogers.

If time permits there is a possibility that the Men's Glee will give a preview show consisting of "Long Day Closes," Sullivan; "Railroad Chant," Scott; and "Lane County Bachelor," O'Hara.

## La Reata Issued Around June 1

La Reata will be distributed on or before June 1, Joyce Anderson, La Reata editor, announced today. All the pages are now being photographed at El Camino Press. Proofs will be read next week. Pages will then be shipped to San Francisco for binding at the Benjamin Keys Company.

A total of 161 copies of the book are still available to students. Student body card holders may buy them for \$2.50 while noncard holders must pay \$5. Payment of \$1 will hold the book until June 1.

## Flying Club To Paint Emblem On Plane

A block "HC" will be painted on the underside of the wing of the Flying Club's Piper J-3. Since the plane is yellow and black, the emblem will be done in black. A striking insignia has been chosen as the emblem of the club, but the design is being kept a deep, dark secret. It will be placed on the side of the fuselage, and will be unveiled soon.

## Vucina May Be Public Accountant

John Vucina, commissioner of finance at Hartnell College last year, is now working for a public accountant at Monterey, Miss Ruth Rothrock, business instructor, reported today.

In a letter written to Miss Rothrock, Vucina said that he has filed hundreds of income tax forms during March, making use of the business courses taken at Hartnell. John plans to apply for a public accountant's license in the near future.

June 10—Graduation

## WAA-UGC Cooperate On Carnival

W.A.A. and U.G.C. have decided to have a bouncing ball and cascaroni booth for the Carnival on April 29. W.A.A. president Barbara Johnson, and Laurine Nielson, U.G.C. president, have appointed Mariellen "Pill" Phillips, as chairman of carnival preparations committee.

The bouncing ball is operated by three reversed vacuum cleaning devices, and the objective is to hit a light ping-pong ball with another ball as it floats in the air due to the force of the air.

The cascaroni booth will display various colored eggshells filled with confetti bits, that one can purchase for a small price and whack on your best pal's head for a tremendous return!

U.G.C. executives are rather irritated at the members who never attend the important meetings. They make it very complicated for those who do attend and want to plan for important coming events. It is hoped that all U.G.C. members will co-operate and help make this one activity successful.

W.A.A. is also planning a play-day on either May 7 or 14. They will have the following visiting colleges and schools; San Luis Obispo, San Jose State, Hollister, and Monterey participate in softball, volleyball games, and hilarious afternoon entertainment.

Sometime during May the active members of the Women's Athletic Association are planning a picnic and overnight party at some mountain resort.

## Stella Jagich Elected Secy-Trea.

Stella Jagich was unanimously elected secretary-treasurer of the Freshman Class at a recent meeting. Stella replaces Carol Stephens who resigned when she left school.

The Freshman Class now has paid off its debts from the Pajamarino by collecting 25 cents from each frosh.

## Art Classes To Hold Exhibit April 25-29

In honor of Public Schools Week, April 25-29, there will be an exhibit of students' work in the art gallery. This will be the work of several classes, combining water colors, oils, commercial art, and design. This is the first time that there has been a mixed exhibit representing all the classes. The gallery will be open Monday evening from 7 to 9:30.

## Club Members Postpone Picnic

Because of the students who had Easter plans which would take them out of town to spend the vacation, the Art Club picnic was indefinitely postponed. A painting trip is planned, however, for either Big Sur or Russian River as soon as the plans can be completed.

The club is making extensive plans for their candy booth at the Carnival next week.

## US Army Air Force Offers Jobs to College Graduates

United States Army Air Force offers many opportunities for good jobs to graduates. Besides flight training, there are many other administrative and technical positions open to both men and women.

The finest pilot training in the world is provided for graduates interested in becoming aviation cadets. After a year of training the cadets are commissioned as second lieutenants and receive flying assignments. In order to qualify for training the applicant must be between 20 and 26½, have two years of college or be able to pass an equivalent examination, must be in good physical condition, may be either married or single, and must have high moral and personal qualifications. Cadets receive \$75 a month, free meals, uniforms, and living quarters.

Men and women graduates interested in administrative or technical jobs receive six months of officer candidate training. Graduates are commissioned second lieutenants and are placed in junior executive positions in such fields as communications, management, supply personnel, research, and air transport. Requirements are similar to those for air cadets.

Candidates receive \$115 until they graduate when they receive a regular commission. Food, clothing, housing, athletic and recreational facilities, and medical and dental care are provided. Unsuccessful candidates return to civilian life.

For more information see Mr. Jerry Girdner or the local army recruiting office.

## Psychology Classes To Visit Agnew

May 3, members of the psychology classes 1 and 50, hygiene 55, and Mr. Louis Eris, coaches Bob Robinson and Jess Regli will journey to Agnew's mental hospital near San Jose on an observatory psychological trip.

In the morning, students will be shown the wards where patients are treated according to their type of disease. In the afternoon a three-hour clinic will be held at which time Hartnell students will have the opportunity to observe patients being interviewed. They will be told what to expect from each patient according to his condition, and how he will react to the psychological tests.

## Baseball Team to Meet San Mateo in Conference Doubleheader Tomorrow

Coach Regli's baseball team, after a week off from the old grind, will play the San Mateo Bulldogs a pair of conference games tomorrow on the college diamond unless the Salinas Municipal Park is available. Most of the ball players have been keeping in shape by playing with Mission League clubs during the vacation.

The San Mateo nine is undefeated thus far in the season and if the Panthers can knock them over, they will be in close contention for the title. The Panthers have won three and lost three so far in the season.

Cliff Cracknell and Mike Bellone, the keystone combination for the Panthers and the Broncos of the Mission League, have really been laying the wood to the apple lately and if their bats continue to sing, it could spell defeat for the

visiting club.

Don Neilsen, portside hurler, who has been suffering from a sore shoulder throughout most of the season, found himself Sunday afternoon and pitched the Broncos to a beautiful two-hit shutout over the Santa Cruz entry in the Mission League.

After the San Mateo doubleheader, the Panthers will have but four more games to play in the current season. These will also be the last home games for the team.

### Rose Bowl Date Set For September 23

Hartnell College Panthers will open their 1949 grid season in the Rose Bowl against John Muir of Pasadena on Friday, September 23, Coach Bob Robinett revealed yesterday.

Panther football practice will start September 1 with the first two games against teams that are now having spring practice—John Muir and Bakersfield. Spring practice is prohibited in the NCJCC.

## SFCC Barred From Tennis Competition

At the recent meeting held at Marin to decide whether Coach Bob Robinett had started football practice early last fall, it was brought out that San Francisco City College, the school that brought the charges against Robinett and Hartnell, had failed to register its tennis players with the conference.

Those present at the meeting decided that the Rams should forfeit all tennis matches that they had participated in during the year. Under the conference constitution San Francisco will be barred from league competition in the sport for one year. The Rams had beaten the Panthers 7-0 in an early match this season. This will be forfeited to Hartnell.

## Hartnell Team Loses Game 13-10

In a wild, see-saw contest, the Hartnell Panthers dropped a 13-10 decision to a mixture of San Jose State Frosh, JV's and varsity players on the Spartan diamond.

The Panthers lost Mike Bellone for the remainder of the season and Bob Jefferson temporarily, through injuries during the game. Bellone came up with a cracked tibia and Jefferson did a tumbler's flip that resulted in a sprained ankle. Bellone got his injuries in an at-

The standings:

tempted slide and Jefferson stepped on the first baseman's foot while trying to beat out a hit.

Pat Alexander wielded a big bat for the Panthers, collecting a triple and a home run against the Spar-

Hartnell will play host this week end to the southern sectional meet of the NCJCC while Sacramento is doing the same for all the northern schools as a preliminary to the finals to be held in Modesto on May 7. The southern schools that will be represented are Stockton, Modesto, Menlo, San Francisco, San Mateo, Monterey, and Hartnell.

Stockton and Modesto reign as co-favorites to take the meet. None of the others will figure to give any competition to the two valley schools in the outcome of the meet. Stockton hasn't been defeated in a meet with another junior college since 1947.

Coach Ed Adams plans to enter all the cindermen available from the college in an effort to upset the dope on one of the favored schools. The Panthers were overwhelmed by a powerful California Frosh in a meet during the Easter vacation.

Don Keeney and Fred Manteufel will be the Salinas entries in the century and 220. Each of the Hartnell sprinters has turned in time equal to that of any other school that will take place in the meet. Les Hiserman, Del Deis, and Dave Delucchi will try and take points for the locals in the distance races.

Pat Alexander, who will probably be playing baseball at the same time the track meet is going on, may participate in the javelin throw while not swinging a bat or holding down the first base position.

Ted Dennis, who is improving steadily, will pole vault for the Panthers and "Tex" Fletcher will do the high jumping. Mac McClintock will broad jump and Bob Chavarria is expected to place in both the hurdle events. Loren Green, who took the only first for the Panthers against the Bear frosh, will heave the discus and shot.

Next week, the Panthers will participate in the Cal Poly Royal Relays.

tan pitching. Jim Collins also hit a triple for the home team and Jim Micheletti collected three singles to pace the Panther hitting.

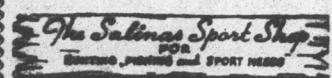

Cliff Cracknell will take over Bellone's position at shortstop and Leo Cooke is being groomed to hold down Cracknell's old spot at second. The rest of the line-up will stay intact for the twin bill against the league-leading San Mateo Bulldogs tomorrow. The Panthers also lost two games to the Modesto Pirates that are not recorded in the league standings.
